EXPERIENCE

Suma Votos

Oaxaca, México - (2016 - 2018)
Suma Votos is a communication and political marketing outsourcing company. There I collaborated as a creative mind and designer for many cityhalls and political campaigns.

I made digital and printed content such as public programs infographics, government reports, government campaigns, press material, material for political activists and other propaganda.

YAGACUT

Tehuantepec, Oaxaca - (2016 - Current)
I have been working many years for this wooden design and manufacturing company. I design products to be manufactured with CNC Router and Laser machinery.

In my experience working here, I have been in all areas, from being a designer, a machinist and taking charge of the advertising for our services and products.

Freelance

WWW -(2020 - Current)
I have provided my services for numerous clients, from political actors, political parties, media, medical centers, restaurants and companies.

I have continuously produced branding projects, web design, social media content, music jingles, and audiovisual productions.
